Mastodon
This Marvelous Everbearing Strawberry
Has Created Nation-Wide Popularity in
Only Two Years, Because It Succeeds
Everywhere—

It produces a Big Crop of
Immense Berries, and It
Bears Ten Months Out of
Eighteen.

Nothing But Good Reports About Mastodon

During the past twelve years we have furnished thousands of our customers with Mastodon and Emlong Berries. We ship them over the country. The price of our strawberries and the demand is the same everywhere. We are not interested in the profits. We want our customers to be satisfied with the strawberries they get from us. We are willing to give them whatever they want. We are not interested in the profits. We want our customers to be satisfied with the strawberries they get from us.

Prof. C. A. Boyer of Michigan Department of Agriculture Endorses Mastodon

Every farmer needs to know about the Mastodon. The Mastodon plant is not like other plants that need a lot of attention. It is easy to grow and needs very little care. You can plant it anywhere and it will grow. It is a good plant for the beginner. It is the easiest plant to grow.

Greatest Strawberries the Year Around

A few years ago that statement would have been a joke, but this is true today. We have in our beds this year, as many strawberries as ever before. This is the best year yet. We have had a lot of rain and the strawberries have grown well. We have had a lot of rain and the strawberries have grown well.

Never be satisfied with strawberries. You must always be satisfied with strawberries. You must always be satisfied with strawberries. You must always be satisfied with strawberries. You must always be satisfied with strawberries. You must always be satisfied with strawberries.
